## What is it?

An exhilarating trail climaxing in an incredible dining experience.

Reaching for the olives, you notice a figure riding up to the table on a jet black steed. The man, wearing spurred boots and checked shirt, whirls a rope above his head and expertly lassoes your empty wine bottle. He looks anxiously to his left, then gallops away amid a hail of arrows. A horde of Navajos rush towards you. They are carrying dessert...

It's a culinary adventure!

## How does it work?

The aim is to enjoy the most elaborate and imaginative dining experience. However, to do this teams attempt to win food in a series of challenges or trials.

The trials are team based activities encouraging group cooperation and collaboration. The Extreme Dining challenge can incorporate as many or as few of these trials as you wish, and can be tailored to your audience and requirements.

The trials could involve food – perhaps a blind taste test where guests attempt to identify mystery food or drink? Either way, whether it is abseiling down a rock face to collect the team's first course, or solving giant puzzles for cutlery; you design the guests' Extreme Dining adventure.

All trials may be within walking distance of one another, or alternatively each team could be given a satellite navigation system and transportation to find them.

Rewards for the completion of each challenge or trial will correspond to team performance; so if teams excel they may receive a gourmet pine nut risotto. If they fail, they could be going to the dinner table with a packet of cheese and onion crisps...

After all trials have been attempted and the teams' food is won, it is time for the culmination of their efforts to be served up:

## Extreme Dinner

The team's dinner can be themed and constructed in an unlimited number of ways. We will facilitate teams to create the ultimate dining experience.

Teams can indulge in some 'extreme cooking' and prepare the meal themselves, or receive a full catering staff to prepare the meal for them. In each case, a full-on themed dining experience is possible - complete with themed props and ambience.

## Dining experiences may include:

### **Driving Theme**

The Extreme Dinner can take place in the middle of a race track with tables made from tyres and the food served by a themed pit crew. The horn sounds, the pit crew run in, clear away, then relay the table in the fastest time. The starting flag is waved to begin the course. Similarly, a chequered flag is waved at the end of each course!

### **Forest Theme**

After horse riding through the forest to your banquet, you will be waited upon by Robin Hood and his merry men. You can sit on benches and tables made from logs while minstrels play, and buxom wenches fill your clay cup with mead.

### **Water Theme**

The Extreme Dinner can be set on a large floating platform in the middle of a lake, river or swimming pool of your choice. Your guests can be served with sea food or traditional fish and chips, brought to them by waiters in wet suits with snorkels, goggles and flippers.

### **Snow Theme**

This Extreme Dinner includes a table made of ice, surrounded by stuffed toy Huskies, sled props, polar lighting and Yeti waiters. The dinner could even be hosted inside a real igloo.

How creative will your Extreme Dining experience be?

## Who is it suitable for?

## Enhancements and Options

- We can provide additional theming for the Extreme Dinner and all other aspects of your event with smoke machines, AV system, a variety of props and themed costumes for your guests
- The Extreme Dinner can be complemented by many of our entertainment or team building events
- We could provide a celebrity chef to prepare your Extreme Dinner – Gordon Ramsey or Ainslee Harriot are just a phone call away!!
- Our photographer can take shots of your guests enjoying their extraordinary meal for a lasting memento

- Take your meal overseas! Armed with a GPS system and a camper van, teams race across Iceland (or indeed anywhere in the world), amassing items and food for their Extreme Dinner. They can then feast in full view of the stunning Drangajökull glacier!
- We can provide a huge variety of entertainment in keeping with the theme of your Extreme Dinning experience, from axe jugglers to synchronised swimming teams
- An ideal venue for Extreme Dining is the Bluntswood leadership centre - where challenges can be within walking distance of one another and your team building event can be expanded with overnight camping
