

The Games Theming

To celebrate what is going to be a special summer of sport, we can create a themed event your guests will remember. The exact theming you might include will depend on the chosen venue, here are a few ideas to inspire you.

For a stylish, classical start to your event, let us take you back to Ancient Greece, where it all began...

A walkway lined with drapes and eight high standing silk flambeau, guiding your guests to the main area. The area will be draped with Corinthian style pillars, the form of an athlete suspended in front. Greek statues and balustrades trailing with Ivy, themed seating areas and water features also available.

For a theatrical element, we can provide the following to entertain and delight:

Mix and Mingle Improv

Our versatile professional actors will bring a smile to every face— first as toga clad Ancient Greeks and later, as 118-118 style athletes. Engagement and laughter guaranteed.

Sisters in Stone

Stilt statues - these stunning stone pillars will welcome guest as they arrive. The costumes are available in gold or stone.

Acro Balance Statues

The amazing acrobatic statues provide ambient entertainment.

Adagio Statues

Most frequently asked question: "Are they real?" With painstaking attention to detail the audience is treated to the site of two marble statuesque figures set on a classical white podium.

Guests will move from Ancient Greece to present day with swags of brightly coloured fabric forming a canopy over the tables. Hanging from the fabric over the stage, will be 3 large medals, these can be branded or hold a business message.

To inject more colour and add an extra 'wow', choose LED tables that light up, coloured table linen can be used to create a similar result. The themed table centres, such as flames mounted on mirrors enhance the dining ambience.

Why not surprise guests with a chance to meet a sporting icon-well nearly! Look-a-likes include Paula Radcliffe; Denise Lewis; Kelly Holmes; Linford Christie and even a Sumo Wrestler!

We offer entertainment to maintain a sporting theme; an Olympic circus with ground acrobatics; aerial performers; street sports artists; contortionists; tumblers and rhythmic gymnasts and more!

You might prefer a spectacular ribbon performance combining contemporary dance and rhythmic gymnastics.

For memorable entertainment with a difference, try Chinese circus skills and entertainment. This can include foot juggling, Diablo, ribbon and oriental style magic.

Perhaps African Drummers better fit your company's business culture and message, so we offer a hi-energy performance that will have your guests clapping and toe-tapping!
